Studies

Diploma in Electrical and Computer Engineering – Aristotle University of Thessaloniki (2010)

MSc in Economics – University of Macedonia, Thessaloniki (2012)

PhD in Regional Development – Panteion University of Social and Political Science (2018)

Research interests

Key words: Regional Development, Regional Inequality, Economic Geography, Innovation Policies, Big data analysis, Spatial micro-simulation

Description: Developing policies for spatial and territorial development at a regional level, which requires analyzing economic, technological, and innovative characteristics using both quantitative and qualitative methods. Study of inequalities present at inter-regional and intra-regional levels, including how global, supra-national, national, and regional scales interact. Focus on drafting and evaluating regional policies that align with goals for sustainable, resilient, and smart development.
