Symposium "Sustainable Urban Mobility and Tourism Development in Thessaloniki"

Thursday May 30th, 2019

Deanship's Seminar Room, Ground Floor, 3rd wing, Faculty of Engineering, Aristotle University of Thessaloniki

The Department of Spatial Planning and Development, in collaboration with the Rotterdam University of Applied Sciences, is organizing on May 31st, 2019 the Symposium on Sustainable Urban Mobility and Tourism Development in Thessaloniki.

The symposium is presenting the results of a multidisciplinary workshop that explores the integration of the Thessaloniki Metro project in the urban environment as well as the promotion of sustainable mobility in relation to the city's numerous tourist attractions, aiming at upgrading the public space and highlighting the tourist identity of Thessaloniki. Municipality of Thessaloniki and Attiko Metro SA. are participating in the workshop.

The Organizing and Scientific Committee: E. Papadopoulou, A. Papagianakis, G. Pozoukidou
